

# ***What's in Our Makeup Kit?***

The Tools of Theatrical Makeup

# *Makeup Sponges*

- Used to apply makeup in broad strokes and blend out lines

# *Stipple Sponge*

- Used to apply makeup in flecks or sporadic patterns to create bruises or scrapes

# *Makeup Brushes*

- Used to apply makeup in more detailed and controlled strokes; most effective with smaller areas and fine lines and wrinkles

# ***Powder Brush***

- Used to apply rouge (blush) or translucent powder

# *Translucent Face Powder & Puff*

- Used when sealing your makeup design to prevent smudging
- Powder is evenly disbursed on the puff and then gently patted on the face

# ***Eyebrow Brush***

- Used to brush and comb the eyebrow into shape when “blocking” them; used to brush snow white hair color into hair, facial hair or eyebrows

# ***Eyebrow Pencils***

- Used to fill in the eyebrow with color or outline the areas of a makeup design

# *Lip Pencils*

- Used to outline and perhaps fill in the lip with color

# *Foundation Cakes*

- These are the most basic components of our makeup kits
- Used as a base layer to neutralize uneven or blemished skin

# ***Character Shadow & Highlight Cakes***

- Used to add shadow & highlight to the various parts of the face

# *Contour Wheel*

- Contains several different crème colors (Black, Cinnamon, Natural Lip & Rouge)

# ***Bruise & Abrasion Wheel***

- Contains several different crème colors (Violet, Brown, Crimson & Goldenrod)
- Used with the stipple sponge to create bruises and scrapes

# *Snow White Hair Color*

- Brushed into hair to give the illusion of greying or stark white hair

# *Dark Blood*

- Applied with the spatula end of the eyebrow brush or a makeup brush
- Creates the illusion of a bleeding, open wound on the verge of congealing

# *Liquid Latex*

- Creates a second skin over the actor's skin or the surface of an appliance
- Used in burn effects
- Easy to bubble tear and layer

# *Nose & Scar Wax*

- Sculptural material that can be shaped by hand
- Used to create 3-D appliances for creature and gore designs
- Use with spirit gum or another adhesive of your choice

# *Spirit Gum & Remover*

- Adhesive used to attach appliances to the actor's face
- Remove with Spirit Gum Remover
